## Remote Control Rock Crawler Prepack (UPC # 6 86226 99072 3)

### Permatex® Medium Strength Threadlocker BLUE Gel

An all-purpose, medium strength threadlocker. Ideal for all nut and bolt applications 1/4" to 3/4" (6mm to 20mm). Eliminates need for stocking expensive lock nuts and lock washers. Locks and seals while preventing parts loosening due to vibration. Protects threads from corrosion. Gel formula provides "liquid-reliability" without drips, globs, mess or waste. The GEL TWIST™ pin-point applicator puts the Threadlocker right where you want it. Removable with hand tools for easy disassembly.

### Permatex® High Strength Threadlocker RED Gel

Especially well-suited for permanently locking studs and press fits. Adds 3,000 PSI holding power on slip and press fit assemblies. Replaces set screws and snap rings. Locks against vibration loosening. Gel formula provides "liquid-reliability" without drips, globs, mess or waste. The GEL TWIST™ pin-point applicator puts the Threadlocker right where you want it. May require heat or special tools for removal.

### Fast Orange® XTREME Pumice Hand Cleaner

A new professional grade formulation delivering superior cleaning power, fast, with less residue, and without a lingering petroleum odor. Contains a concentrated odor neutralizer that counteracts the smell of gasoline, oil, and other common odors. Advanced skin restoration formula with premium skin conditioners: aloe vera, glycerin, lanolin, vitamin E and jojoba oil.

### Spray Nine® Heavy-Duty Cleaner, Degreaser & Disinfectant

Spray Nine's Heavy-Duty Cleaning, Degreasing and Disinfecting action tackles the toughest grease, grime, stains and bacteria where others fail. Spray Nine's "Triple Threat" formula delivers professional strength performance and has been trusted by Manufacturers, Auto Technicians and DIY'ers for over 60 years. Spray Nine does this all without the use of bleach or corrosive chemicals.

### Permatex® The Right Stuff® BLACK Gasket Maker

Make leak-proof gaskets and return equipment to service immediately! The Right Stuff is our most advanced gasket maker. It eliminates the need to wait for the gasket maker to cure – just reassemble and go! The elastomeric "formed-in-place" material is more reliable and longer lasting than pre-cut gaskets. It is blowout resistant and protects against leaks and seepage caused by vibration and thermal expansion. Formulated to meet or exceed performance standards for long-term sealability, durability and handling, this material is used on OEM production lines and specified in their service parts programs. Temperature range -75°F to 450°F (-59°C to 232°C) continuous, 500°F (260°C) intermittent; resists ATF, coolant, oil and other shop fluids. Sensor-safe. Fleet-tested.

## BONUS

### Receive FREE Rock Crawler Remote Control Truck\*

- High Frequency Radio Control
- Off-Road Suspension
- Oversized Tires
- 1:18 Scale
- 4WD Rock Crawler

*\*While supplies last. No substitutions allowed.*
